

~~was traditional~~

- Traditional nav bar used.
- Fills up 100% width, each tab evenly divided
- Introductory text spreads out from tablet version with no margins & evenly take up a third each.

- General layout same as tablet.
- Now changed,
 - Height = 30 view height
 - Image height = 60 view
 - Welcome section = 60 view height
- Background images of h3's expand on hover.
- h3 in nav highlights when hover.
- Active page highlighted
